FLACHMM / Genesee Valley Chapter ASSE Joint Meeting **Topic: Elements to Consider During the Design of a New Machine**

Speaker: Allan D. Manzer CSP
Corporate Safety Engineer
Optimization Industrial Services
Rochester, NY

WHERE: Radisson Inn
175 Jefferson Road
Rochester, NY 14623

WHEN: Tuesday February 4, 2014
Social Hour: 5:00 – 5:45
Business 5:45 – 6:00
Presentation 6:00 – 7:00
Optional meal following presentation

COST: No Charge for Meeting
Note: it is not necessary to be a member to attend. Everyone is encouraged to join us for dinner.

R.S.V.P. to cynette.cavaliere@qm.com, by Jan 31st, please.

Mr. Manzer will talk about the elements that need to be considered during the design and building new machine or re-building an existing machine being relocated:

OSHA Compliance
Design, Cost, Throughput, Quality
Operator Interface
Environmental Considerations

Waste Generation
Maintenance Mechanic Interface
Behavioral Factors

Mr. Manzer will relate these considerations to a machine currently in design which has so and show how the topics covered need to be addressed for any machinery. This presentat safety in the very early stages of machine design and will only touch briefly on some of th Standards.

DOOR PRIZES: Can you contribute a small prize to keep this favorite GV ASSE custom going?

The New York State Department of Environmental Conservation sent this bulletin on 01/24/2014. The following link opens a fact sheet that invites public comment about a proposed remedy to related to **Eastman Kodak Company, Eastman Business Park – Section S, Site #828177** (Rochester) under New York's Resource Conservation and Recovery Act Corrective Action Program:

- [EastmanKodakParkSectionSCleanupRemedyProposed.pdf](#)

NYSDEC is accepting **public comments** about the proposal through **February 28, 2014**. Please

Notice for New York State Hazardous Waste Large Quantity Generators and Treatment, Storage and/or Disposal Facilities

A **Hazardous Waste Report**, for each calendar year, is required and must be submitted by large quantity generators of hazardous waste at treatment, storage and/or disposal facilities in New York State. The Report must be submitted to the New York State Department of Environmental Conservation (NYSDEC) by **March 1 of each year**.

Generators and facilities are required to submit a Report if, any one of the following criteria apply:

- a) The site generated in any single calendar month 1,000 kg (2,200 lbs) or more of RCRA acute hazardous waste; or
- b) The site generated in any single calendar month, or accumulated at any time more than 1,000 kg (2,200 lbs) of RCRA acute hazardous waste; or
- c) The site generated in any single calendar month, or accumulated at any time, more than 1,000 kg (2,200 lbs) of RCRA chronic hazardous waste; or
- d) The facility, during the calendar year, treated, stored and/or disposed of RCRA or New York State hazardous waste on-site in units subject to hazardous waste permitting requirements (6 NYCRR Part 373.1); or
- e) The site generated 15 tons or greater of hazardous waste or hazardous wastewater. Other exemptions or exclusions from counting with regard to this requirement. Other exemptions or exclusions from reporting do not apply if 15 tons or greater are generated.

Instructions and forms to be completed for the Report can be found at www.dec.ny.gov/chemical. The Department encourages all parties to submit the forms on-line at www.arminc.net. If on-line submission is not possible, the Report can be submitted in paper form. If completed on-line, the Declaration of Electronic Filing must be submitted by March 1. The originator of the Report is required to maintain a copy of the Report submitted for filing. For questions regarding the filing criteria or completion of the Report, please e-mail your question to hwreport@gw.dec.state.ny.us or call 518-402-8730 if e-mailing is not an option.

Paper forms or signature pages must be submitted to the address below and received by 12:00 PM on March 1, 2014.

Genesee River Basin Summit

This event will be a one-day workshop where we invite a multitude of stakeholders and experts to discuss the following:

- Review, discuss and document the State of the Basin, including:

- Review, discuss and document the State-of-the-Basin, including
 - Water quality investigations
 - Watershed characterizations
 - State-listed impairments
 - Past improvement activities
 - Current improvement activities
 - Planned, future activities
- Review NYSDEC plans for the Basin
- Brainstorm and prioritize water quality and use impairments (break-out sessions)
- Review lists of impairments and agree on top five
- Develop action plans to address the top five priorities (break-out sessions)
- Establish basis for a Genesee River Basin Improvement Action Plan

DATE: Thursday, February 6, 2014

PLACE: Roger Robach Community Center at Ontario Beach Park

TIME: 8:00 AM to 5:00 PM (doors will be open at 7:30am for set up)

AGENDA:

8:00 AM to 8:30 AM - Participants arrive and network (coffee & refreshments available)

Speakers for the morning include:

- George Thomas, Executive Director, CEI
- Corydon Ireland, Staff Writer, Harvard News Office
- Joe Makarewicz Ph.D., distinguished Professor in the Department of Environmental Science interdisciplinary major at The College at Brockport, State University of New York
- Ron Entringer, Chief of the Water Quality Management Section in NYSDEC
- Vinnie Esposito, Executive Director of the Finger Lakes Regional Economic Development Development –Finger Lakes Regional Office

Complementary lunch is being provided

The afternoon will consist of break-out sessions to brainstorm and prioritize water quality and action plans to address the top three priorities and establish a basis for a Genesee River Basin with a wrap up at 4:00pm.

Our goals for this Summit:

- Attract between 150 and 200 people
- Document the results in a report and circulate it to attendees Use the feedback from the Genesee RiverWatch Initiative
- Plan to annually hold a follow-up event (State of the Genesee River Basin) to review progress
- Support groups of local stakeholders in follow through with project funding and development
